

machine learning

```
graph TD; A[machine learning] --> B[supervised learning]; B --> C["rule-based classification<br/>Project 1."]; B --> D["logistic regression<br/>Project 2."];
```

The diagram is a hierarchical flowchart. At the top is a light blue rounded rectangle containing the text 'machine learning'. A black arrow points down from this box to a second, wider light blue rounded rectangle containing the text 'supervised learning'. From the bottom of the 'supervised learning' box, two black arrows branch out downwards and outwards to two separate light blue rounded rectangles. The left box contains the text 'rule-based classification' followed by 'Project 1.' on a new line. The right box contains the text 'logistic regression' followed by 'Project 2.' on a new line. All boxes have a thin grey border.

supervised learning

rule-based classification
Project 1.

logistic regression
Project 2.
